

CHAPTER 5  
SECTION 4.1

## MATERNAL SERUM ALPHA-FETOPROTEIN (AFP) AND MULTIPLE MARKER SCREEN

Issue Date: March 7, 1990

Authority: [32 CFR 199.4\(e\)\(16\)](#)

---

### I. PROCEDURE CODES

82105, 82106, 82677, 84702

### II. DESCRIPTION

A maternal screening test offered between 15-24 weeks of gestation.

### III. POLICY

The test is cost-shared separately (outside the global fee) as part of the maternity care benefit to predict fetal developmental abnormalities as well as purely genetic defects. AFP also may include, Chorionic Gonadotropin (HCG), CPT code 84702, and unconjugated Estriol (UE3).
